The 2011 Healthcare Information and Management Systems Society Conference (HIMSS) was held in Orlando, Florida. This conference is considered one of the best in terms of providing real world practical solutions to address problems in health care including privacy and security challenges. HIMSS vision is “advancing the best use of information and management systems for the betterment of healthcare”. Of particular interest to this office responsible for trustee compliance with *The Health Information Protection Act* were the following: Meaningful Privacy Choices, The Challenges of Granular Patient Consent, Securing Health Information in the Cloud, HIPAA and Health IT, Trends in Privacy, Security and Breach Notification, and How to Meaningfully Protect Privacy and Security Without Harming Patients.
